Locum Tenens Recruiting

Kaye/Bassman Locum Tenens primarily staffs physicians for assignments that range anywhere from a single day of coverage to long term ongoing opportunities. In addition to locum tenens, we also place physicians looking on a permanent basis for locum-to-perm or contingent assignments.

Kaye/Bassman Locum Tenens personnel have several years of experience working on a multitude of staffing disciplines. While we are one of the largest international practices at Kaye/Bassman, we still continue to keep a personal touch to our business model. Our success has come from our focus on the needs and wants of our clients and physicians. We always strive to provide excellent service with integrity to all of our search agreements by using our experience and expertise in the locum tenens division.

We incorporate a single point-of-contact approach; one point of contact covers all specialties. We have found that this approach streamlines the process for facilities and physicians by eliminating multiple phone calls and allowing for building lasting relationships with a trusted advisor.

Through the flexibility of our Client Focused Search® approach, which provides proper alignment of expectations based on the service level and urgency our client requires and our *Market Mastery* model of proactively developing candidate relationships in core functional disciplines ahead of need. Kaye/Bassman Locum Tenens has the experience, process and tools to help our clients tap into the strategic leadership and tactical talent they need.
